Ekta Vihar, Sector 19, Zirakpur, Punjab – 140604

PROFESSIONAL SUMMARY

Cloud Computing & DevOps Engineer with hands-on experience in AWS, Docker, Jenkins, Terraform, Kubernetes, Linux, and CI/CD automation. Skilled in cloud infrastructure deployment, DevSecOps implementation, monitoring, and containerized application management with practical production-level project experience.

TECHNICAL SKILLS

- **Cloud:** AWS (EC2, IAM, VPC, S3, Route53, CloudFront)
- **CI/CD:** Jenkins, GitHub Actions
- **Containers:** Docker, Docker Compose, Kubernetes
- **Infrastructure as Code:** Terraform, Ansible
- **Linux & Scripting:** Linux, Bash Scripting, SSH
- **Monitoring:** Prometheus, Grafana
- **Security:** SonarQube, Trivy, OWASP ZAP
- **Version Control:** Git, GitHub

PROJECTS

- | | |
|---|------|
| 1. End-to-End DevSecOps CI/CD Pipeline
Tech Stack: Jenkins, Docker, AWS EC2, SonarQube, Trivy, OWASP ZAP | 2026 |
| <ul style="list-style-type: none">• Built secure CI/CD pipeline with automated testing and deployment.• Integrated DevSecOps tools for vulnerability scanning and security testing.• Automated application deployment on AWS EC2 using Jenkins pipelines. | |
| 2. Dockerized Full-Stack Application Deployment
Tech Stack: Docker, Docker Compose, AWS EC2, Nginx | 2025 |
| <ul style="list-style-type: none">• Containerized React, Node.js, and MySQL applications using Docker.• Configured Nginx reverse proxy and production-ready deployment setup.• Managed container networking and automated deployment workflows. | |
| 3. AWS Infrastructure Automation using Terraform
Tech Stack: AWS EC2, Terraform, Linux | 2025 |
| <ul style="list-style-type: none">• Provisioned scalable AWS infrastructure using Terraform modules.• Automated EC2 setup and infrastructure configuration management.• Implemented Infrastructure as Code practices for cloud deployment. | |
| 4. Kubernetes Container Orchestration Platform
Tech Stack: Kubernetes, Docker, AWS EC2 | 2025 |
| <ul style="list-style-type: none">• Deployed containerized applications using Kubernetes orchestration.• Configured Pods, Services, and Deployments for scalable applications.• Managed load balancing and application availability within clusters. | |

EDUCATION & CERTIFICATIONS

- | | |
|--|-------------|
| • DevOps Certification – ChaiCode | 2025 |
| • Getting Started with DevOps on AWS – AWS Training & Certification | 2025 |
| • Diploma in Computer Applications – Disha Institute Group, Hisar | 2017 – 2018 |
| • Senior Secondary Education (12th) – Aarohi Model Sr. Sec. School, Hisar | 2016 – 2017 |

STRENGTHS

- Problem-solving and troubleshooting abilities
- Quick learner with adaptability to cloud technologies
- Team collaboration and communication skills
- Passionate about DevOps automation and cloud computing
